Summary

Detail-oriented and innovative Frontend Developer passionate about crafting engaging, performant, and accessible user experiences. Adept at transforming design concepts into clean, maintainable, and scalable code using modern frontend tools. Known for collaboration, problem-solving, and a commitment to continuous learning and high-quality delivery.

Core Tech Stack: HTML, CSS, JavaScript, React, Next.js, GSAP, Tailwind CSS, Supabase, Nodejs

Skills

Languages & Frameworks: HTML, CSS, JavaScript, React, Next.js, GSAP, Tailwind CSS, Supabase

Tools & Platforms: Git, GitHub, Figma, Canva, Vercel, Netlify

Soft Skills: Attention to Detail, Time Management, Communication, Collaboration

Experience

Frontend Developer | Iterate Agency

Remote | October 2024 – Present

- Built responsive website templates from the ground up using HTML, CSS, and JavaScript, ensuring semantic structure and accessibility across all devices.
- Optimized front-end performance and cross-browser compatibility through efficient asset management and best coding practices.
- Partnered with UI/UX designers to translate mockups into pixel-perfect, functional layouts—reducing design-to-development turnaround time by 30% and improving client satisfaction.

Projects

Portfolio Website (Personal) | <https://my-portfolio-xcsq-git-main-adewales-projects-b629bcea.vercel.app>

- Built a personal portfolio from scratch to highlight design precision and performance optimization.
- Deployed on Vercel with responsive layouts and smooth scroll animations for a refined user experience.

Interactive Landing Page Concepts |

- Created multiple landing page templates emphasizing motion, accessibility, and clean design principles.
- Used JavaScript DOM manipulation and CSS transitions to achieve smooth, visually appealing effects.

Education

Tai-Solarin University of Education – B.Sc. Computer Science

Certifications

- Responsive Web Design – freeCodeCamp (2023)
- JavaScript Algorithms and Data Structures – freeCodeCamp (2023)
